Homework Project – Theme 6

1st Grade – Hamersville

DUE DATE:

Theme 1 Overview:
- **Title – Community Workers; Why are community workers so important?**
- Vocabulary words – worker, services, assist, involve, deliver, support
- Phonics – "et", "ed", "ick", and "ack" word families
- Phonemic Awareness – phoneme isolation and segmentation
- Grammar – common and proper nouns

HOMEWORK ASSIGNMENT:

Choose a community worker that you are interested in learning more about (ex. fire fighter, postal worker, police officer, etc). Complete the attached "Community Worker Report" giving information about the worker you have chosen. You will need to find information about:

- where the community worker works,
- one thing the worker does at his/her job,
- how the worker may dress,
- any equipment the community worker may use, and
- two more interesting facts about the worker.

Use the information to complete the report, using **BOTH sentences and drawings.** You will get to share your report with the class. You may use the internet, the library, or other books to find out about the community worker that you have · chosen.

PARENTS: Please help your child find information for this report. If you have trouble getting information, let me know. **I encourage you to help your child throughout the assignment, however, the writing and drawings should be done by your child.** Finally, when your child says they are finished with his/her report, encourage him/her to extend it and make it even better.

If you have any questions, please let me know.

**Idea for extending the activity – Visit where your community worker works and ask questions and/or take pictures. The information and pictures would be a great addition to your report.

MY COMMUNITY WORKER REPORT

_____

(Title of the community worker you have chosen.)

By:

_____

Where does the community worker work?

_____

_____

_____

Draw:

What is something the community worker does at his/her job?
