

Your SOURCE for School-Based Health

HealthSource School-Based Health Centers keep students in school and ready to learn. Our Clinicians treat acute and chronic health problems immediately and return students to class as soon as possible. With a School-Based Health Center, parents miss less work. The Center can see students and staff members conveniently and easily during the school day.

School-Based Health Services Include:

- Routine physical exams, including wellness checks, sports, and work physicals
- Asthma and other chronic illness diagnosis and management
- Acute illness and injury treatment

Mobile Health Services

HealthSource provides Mobile Health Services to students, including **Dental and Vision**. The Mobile Vision Team's optometrist can see your child during school hours for their vision screening, comprehensive exam which may include dilation, and any potential glasses or eye health needs.

The Mobile Dental Team's Dentist provides dental exams for students during school hours, including exams, x-rays, cleanings, sealants, and fluoride.

How Does it Work?

If you are interested in your child receiving services please complete the following:

- 1. Scan the QR code below** and submit the requested information to receive the electronic permission form. Please use your child's name and DOB on the request form.
- 2. You will receive an e-mail link and login** to complete the permission form with the exact name and DOB of your child used on the request form.
- 3. You will receive a second e-mail and link** to complete your child's Health History 24-hours after submitting the permission form. Not submitting the Health History means your child will not be seen by either Team.

The Permission Form is good for the life of your child at their current school district. Our team(s) will continue to see your child every year they are enrolled in their current district, unless you opt out of services. To Opt Out, please send an email to the below email address including the name of your child, DOB, school, and services you wish to cancel. If your child changes school districts, a new permission form will need completed.
