

Western Brown
LOCAL SCHOOLS

From the Desk of the Superintendent.....

Our Mission Statement here at Western Brown Local Schools is simple “Learn with Passion, Act with Courage, Change the World”. These are the expectations and the hopes that we have for our students. This is not only the mission for our students while they attend Western Brown Local Schools, but we hope this mission follows them into the workforce and throughout life. Guiding our mission are beliefs that as a district we feel are key to the continued development of our school community.

- We believe in high expectations for teachers, students, and administrators and we should strive to meet them.
- We believe that all students and educators should be treated with respect and dignity, and treat others the same way.
- We believe that every student is entitled to a quality education.
- We believe that the love of learning is fostered in a positive, supportive, safe, and caring environment.
- We believe that it is important to recognize and utilize the strengths and talents of each person.
- We believe that a successful education is shared responsibility of all stakeholders.
- We believe that learning has values and must be ongoing.

This school year has been unprecedented, but I believe our students and staff have certainly shown us their passion for learning, courage to do the things that make safe learning possible and are in the process of changing their world for the better.

Our mission and beliefs will continue to guide us through the 2020-2021 school year and beyond. We are excited for the future!
